Next OPERATIONAL PERIOD (administrative, tactical / status changes, special instructions, H&S)(Input for next DWO):

Continue to manage rain events. Skim oil from South Containment and proceed to remove water. Remove water from North, and North-North containment. Continue cleaning and pressure washing empty drums and totes. Clean working bays and remove sludge.

Continue to sample, profile, and schedule waste for final transportation and disposal. Continue to process invoices, set up procurements and track costs.
